

FRA Junior Event Entry Form, 2017

This note records the minimum information which must be collected on Junior race entry forms. Printable versions of this basic form are available on the FRA web-site.

Juniors and Parental Consent

Junior runners are those under 18 on the day of the race. Their parent or legal guardian must also consent to their participation in the event. This can be done either:-

- a. By completion of a Parental Consent form, which must be shown to the event organiser, or
- b. By full completion of the event entry form, including the signature or electronic acknowledgement of the parent or legal guardian that they accept the disclaimer.

(Note that the Race Organiser must always have a completed Junior Event Entry Form, but that it does not require signature if the Parental Consent form can be shown at event entry. For more details see the 'notes' section of the Parental Consent form).

Under 19 runners

Some runners in U/19 races will already be 18 years of age, and counted as adults. For them the parental consent form (or completion of the entry form by parent or guardian) is not necessary. However Race Organisers will still need to apply the parental consent process to U/19 runners who have not yet reached 18.

Under 21 category

Some junior events also include a category for U/21 runners (for example several races in the Under 21 FRA Championships series are run as part of a junior event rather than a senior event). In this case the event organiser can include an 'U/21' category on the entry form. As runners 19 and over are no longer juniors the requirement to have a parent/guardian signature or Parental Consent form does not apply to U/21 runners.

Information

Entry to all events must be by a process which collects at least the following information. Additional information can be collected at Race Organiser's discretion.

- Event name
- Full name, gender, club and date of birth of entrant.
(Race Organisers may also optionally wish to collect the age of the entrant and ask them to indicate their age category from a list. For championships and race series it is common practice to allocate athletes to categories on the basis of age on 31st December, or another date, so that the athlete remains in the same category all year. Race Organisers may decide how to define age categories for their own event, and should make this clear in the race information).
- Address (including postcode) and phone number of the parent or legal guardian.
- The registration number of their vehicle
- The name and phone number of an emergency contact, which may be an accompanying adult.
